

Service Menu

Each tutoring session includes 60 minutes with a tutor, unlimited contact with your tutor afterwards, and personalized lesson resources. After each lesson, we will provide a recap that goes over the material was covered, any issues, and opportunities and suggestions from the tutor. These tutoring summaries aid as a vital metric to track student progress. Sessions take place in a neutral convenient location such as the local library or coffee shop. We do require that a guardian be present for tutoring with students.

Individual Tutoring

Let us help your student deal with tough concepts and homework quickly and effectively. We'll use the class book and work through recent subjects and homework assignments. Additionally, we will assess any gaps in knowledge from previous courses and recommend outside problems to patch up these holes.

Single Session Meeting Options:

Option 1: 60 minutes - \$40/session

Option 2: 30 minutes - \$20/session

Current Subjects: Math, Grammar, Spelling, Reading, Comprehension, Science

Package Session Meeting Options:*
